

**STGEC** 2022  
Southeastern Transportation  
Geotechnical Engineering Conference

We are pleased to announce that Florida will serve as host for the 51<sup>st</sup> Annual Southeastern Transportation Geotechnical Engineering Conference (STGEC) in Daytona Beach this fall. The conference will be held at the Hilton Daytona Beach October 17-20, 2022.

We have assembled what we hope will be an enjoyable conference with events to supplement the conference technical sessions. We plan to offer a diverse and interesting schedule of technical presentations relevant to the Southeastern US geotechnical community. We will have technical presentations from the State Departments of Transportation, on topics such as case studies, instrumentation and monitoring, data collection and/or reporting, technical procedures, ground improvement technologies, or related construction practices. Two attendance scholarships are available for each state, provided the scholarship recipients present a technical presentation.

Planned conference events will begin with the Monday evening ice-breaker reception. Evening events include a banquet at the Hilton Daytona Beach Resort while the final event will be a field trip to the Daytona International Speedway. Details for all events and the tentative agenda will be posted on the website at <http://www.stgtec.org/>.

The Conference greatly appreciates the past and continued support of our exhibitors, and we hope that many of you will be able to attend this year's conference in Daytona Beach. Presented herein are the Exhibitor booth details including booth locations.

The registration fee for the conference will be \$350.00, if received by September 16, 2022. Registration can be completed online by following the link on the STGEC website. The registration fee will include all technical sessions and social events. A STGEC room rate of \$137.00 (single or double, including resort fees) per night plus tax has been secured for conference attendees. Conference attendees may stay up to 3 days before and/or 3 days after the conference at the same rate. To reserve your hotel room online with the Hilton Daytona Beach Hotel, please use the link on our website to the group page or call the Hilton Daytona Beach at (386) 254-8200 and mention STGEC to receive the group rate. Booking hotel rooms under the group rate helps the conference meet our room usage quota and keeps conference expenses to a minimum. The cutoff date for room reservations at the group rate is Monday, September 26, 2022. Parking for hotel guests is reduced to \$11.00 plus tax per night for self-parking (across the street). Valet parking is also available.

We hope to see you all in Daytona Beach this fall.
